## Summary

---

Versatile computer science student with a strong foundation in web development, data analysis, and graphic design. Experienced in leadership and collaboration through roles such as Executive Board Member of a university club. Known for excellent communication and a proactive mindset in both technical projects and team settings. Passionate about applying creativity and technical skills to real-world challenges, and currently seeking an internship to contribute to innovative development teams and grow professionally.

## Work and Social Experience

---

### Internship • Mobile Developer

*Digicoser, Sousse*  
*Jun 2025 – August 2025*

- Built a cross-platform Flutter application from scratch, integrating RESTful APIs and authentication features
- Implemented clean architecture with efficient state management and responsive UI design
- Conducted functional and performance testing to ensure reliability across devices

### Head of Communications • IGC (ISITCOM Google Club)

*Isitcom, Sousse*  
*Oct 2024 – Oct 2025*

- Led all internal and external communications to effectively promote club activities and initiatives
- Coordinated marketing campaigns across social media and email to increase member engagement and event attendance
- Collaborated with executive board to plan and execute workshops, tech talks, and networking events

## Projects

---

### Web Developer • Budget Tracker Project

*Isitcom, Sousse*  
*Feb 2025 – April 2025*

- Developed both front-end and back-end components of a budget tracking web application
- Designed and implemented an advanced login interface to ensure secure user authentication
- Built key features including user management, scheduling, personal notes, mood and well-being tracking, goal setting, and financial management
- Designed and modeled the database schema using diagrams to support application data flow and integrity

## Education

---

### Computer Science
